

IMPLEMENTATION OF STUDY MODULES FOR THE ACADEMIC YEAR 2011 - 2012

Dear Student,

please read this through before choosing the courses. This pdf-file includes studies which are offered for exchange students in our campuses in towns of Mikkeli, Savonlinna and Pieksämäki.

Check carefully which studies are held in which town before you start filling in the learning agreement.

Please, note that you are allowed to take courses from one study field only.

All courses are at Bachelor's level!

We will reserve the right to change your learning agreement if you have chosen courses which will overlap with other courses or if your course choices are not applicable from your study field's point of view.

You can delete any of the courses you have chosen during your stay at the Mikkeli University of Applied Sciences but you are not necessarily allowed to choose a new course as a substitute.

Therefore we kindly ask you to pay attention to your course selections while filling in the learning agreement!
